

SUMMARY

Antonello Pistis has an experience of over 25 years, most of them as senior executive in Finance, Technology, ICT (CFO, Finance Controller, CTO or CIO, or Operations Manager).

He founded and is the main shareholder of Ilix, ICT and Business consulting company mainly focused in telecommunications and media industry.

He worked for a number of large and multinational companies (British Telecom, News Corporation, Kirchengroup, Canal +, Richemont and other large financial and industrial groups), building international attitude, skills and relationships.

The responsibility of large depts provided him with relevant skills in the management of resources, and dealing with different industries he built up the ability to rapidly understand new business contexts and to manage new complexities.

He is pragmatic, open-minded, final result oriented, strong in promoting and managing changes.

He has a degree in Business Economics at the University of Turin and speaks English fluently.
